

SCHOOL ADVISORY COUNCIL

MEETING MINUTES | NOVEMBER 12, 2025 | 6:08 P.M. – 6:31 P.M.

PRINCIPAL'S UPDATE: MR. SCHULTZ

What's Good and What's Right

House Games happened last month and everyone had an amazing time.

Monthly character traits consistently recognize 40 students each month. This October trait was resiliency.

Bingo night is this Friday (11/14/25).

The Principal's honor roll is coming up (11/19-21/25).

CIP Goals

The data isn't broken down yet and will be done this Friday. Goals are as follows:

Learning and Achievement for All: increase our ELL and students with disabilities' scores

Math: increase overall pass rate to 86.5%

Positive Climate and Culture: strengthen restorative practices

Family Engagement: increase communication about what's going on in the classroom

CITIZEN'S TIME

CAMILLE

I got in touch with transportation about the school zone. VDOT will not allow us to have a flashing sign on Wentworth Green because it's not consistent with other schools in VA. Signs can only be placed at the crosswalks and he's not allowed to put up a school zone timing sign. The only thing he could do is to put a flashing sign just on the other side of the intersection. There used to be a sign there, but they were told to move it further down the road. School zone speed is 25 mph and they will be decreasing the speed on Wentworth Green, so everyone will be expected to drive that speed limit on that road.

How are the math testing scores going with the recent change in bumping up kids to advanced math?

GVMS has 8% higher scores compared to any other middle school in the county, less than 15 students have needed some additional intervention to determine the correct placement. They are asking for Algebra 1 to be brought back because Advanced Algebra is currently the only option.

JESSICA

Where can we get more house shirts?

Talk with Mrs. Hooten to see if she has extras. The supplier won't print more unless we have 12 to print.

KATE

Is Parent Canvas the best place to see graded work? You can't always see the questions asked and how they are answered.

It is based on the class. The individual teacher is the best person to contact.
